Questions and Answers (Q & A)

Issued: March 12, 2021

Questions	Answers
1. Will there be more than one contract issued.	1. If more than one proposal meets the qualifications, there may be multiple contracts awarded from this procurement.
2. Is it possible to make an application/bid to operate only one WIC site for a portion of the funds, and another organization would be contracted to run other sites in the target area?	2. Yes
3. I wanted to confirm the amount of the annual award to ensure that we produce an accurate sample budget. I pulled the following language from page 41 of the WIC solicitation: “The Offeror shall submit a sample budget for an estimated annual award of \$24,796,817 for serving approximately 30,615 WIC participants.”	3. Page 41 will be corrected "The Offeror shall submit a sample budget for an estimated annual award of \$4,964,483 for serving approximately 30,615 WIC participants." See Addendum #2.
4. Under Section 5.4 Volume II – Financial Proposal, it states that \$24,796,817 is the award over a 5-year period, but it was confirmed in the call that the award period for this solicitation will be 7 years.	4. The estimated total award is \$24,796,817 for seven years. The final award totals will depend upon proposed clinics as well as assigned caseload at the time of the award. See Addendum #2.
